HUARAZ, Peru (UPI) — An avalanche of mountain ice and snow thundered down towering Mt. Huascaran late Wednesday, engulfing six villages and causing heavy loss of life. Estimates of the dead and missing ranged from 2,000 to 3,000.

## NEWS in BRIEF

LOS ANGELES (UPI)—Gusts of strong Santa Ana winds pounded Southern California Wednesday causing at least three deaths.

Police said the unusually strong winds up to 70 miles per hour hampered traffic on major highways and resulted in scattered damage.

YUCAIPA (UPI) — A search party today explored the slopes of 9,000-foot high Wilshire Peak in the San Geronimo Mountains for a 62-year-old mountain climber missing since yesterday.

ELISABETHVILLE, The Congo (UPI) — Katanga President Moise Tshombe today charged that Central Congolese troops had massacred 1,000 civilians at Kongolo in northwestern Katanga.

He also accused the Central Congolese soldiers of raping "hundreds" of women in the area near the juncture of Kivu and Kasai provinces. Tshombe made the charges at a news conference.

BANNING (UPI) — Two teenagers were orphaned today, having lost their parents two days apart one due to natural causes and the other in a traffic accident while en route to make funeral arrangements.

## Population for Springs Shows Nearly 15,000

Palm Springs increased its position as second largest city in the county in the estimation of the County Planning Commission which Wednesday released its report on population of county communities.

As of January 1, 1962, there were 14,937 persons residing in this city, the commissioners reported. Their estimate was based on the April, 1960, census and subsequent issuance of building permits.

Population of the Cathedral City - Palm Desert district was estimated at 12,399 and of Desert Hot Springs as 3,194. India's population was listed as 10,247.

## Temporary Conservator Named for Geo. Cameron

The business and financial affairs of George E. Cameron Jr. have been placed under the temporary conservatorship of his brother, Arthur Cameron. The order was issued in India by Judge Merrill Brown. It will be heard for permanent adjudication on or before Feb. 16.

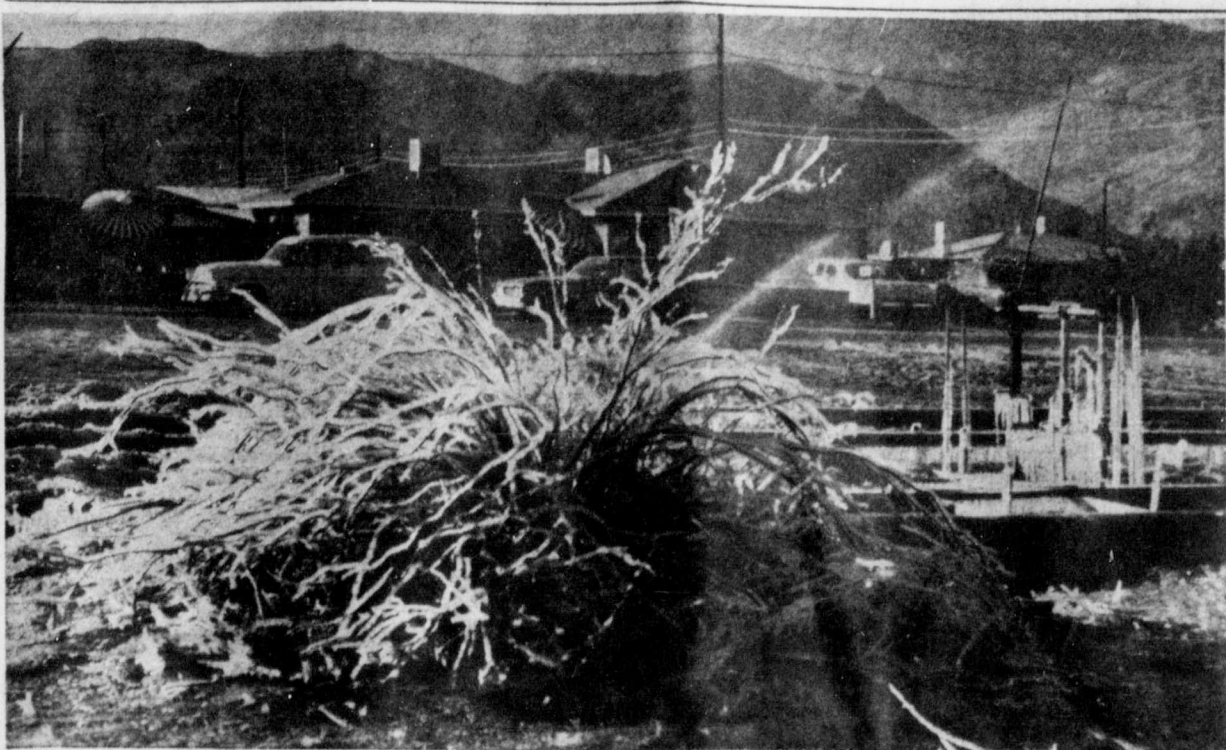

George E. Cameron Jr. is a prominent Palm Springs and Oklahoma businessman, active in oil, real estate, radio and newspaper fields. He is the president and principal owner of The Desert Sun.

Arthur Cameron, his brother, is prominent in Los Angeles and Palm Springs financial circles. "My brother has been in very poor health and I and the court felt that his interests would be best guarded and served with a conservator in charge," Arthur Cameron said today through his attorney, Arnold Rumwell.

"The conservatorship will not affect the policies, personnel or publishing of The Desert Sun. While George Cameron has been the principal stockholder and president of the corporation owning the newspaper, The Desert Sun has been completely under the direction of its publisher, Carl W. Schoons, who is a stockholder and executive vice president," Arthur Cameron said.

"Neither will there be any change in personnel or operation of Radio station KDES which has been and will continue to be under the management of Norman Loftus," Arthur Cameron concluded.

# JFK SEEKS NEW ECONOMIC WEAPONS FROM CONGRESS

WINTER SCENE in Denver? Butte? No, in Palm Springs! Somebody left the sprinklers going overnight Wednesday at the construction site of some new units being built in the 4400 East block of Calle de Ricardo in the east end of town. This photo, taken at 8:30 this morning, shows the glistening icicle-laden piping in the new building, an icy bush at the side glistening in the sun, and the sprinklers still going. ## President Asks Power to Chop Tax, Cut Tariff

WASHINGTON (UPI) — President Kennedy asked Congress today for new economic weapons, including power to cut tariffs now and lower personal income taxes in a recession, to help strengthen America in the struggle against communism.

In his State of the Union Message, the President said an armistice in the cold war seems "a long way off."

He therefore proposed an array of economic, defense and foreign policy measures keyed to the theory that prosperity must be maintained at home to successfully counter the communist economic and military threat abroad.

"Our nation is commissioned by history to be an observer of freedom's failure or the cause of its success," he said. "Our overriding obligation in the months ahead is to fulfill the world's hope by fulfilling our own faith."

Among his major domestic proposals was a request for presidential standby authority, subject to congressional veto, to lower personal income taxes within a specified range and time. The aim, he said, would be to "slow down an economic decline before it has dragged us down."

Kennedy said he was asking for such authority now, even though the country has bounced back from the recession and now is on "the high road to recovery," because "the time to repair the roof is when the sun is shining."

He sought authority to eliminate some tariffs and cut others as much as 50 per cent so the United States can compete with the European Common Market.

"Members of Congress," he advised his listeners, "the United States did not rise to greatness by waiting for others to lead."

Republican congressmen immediately assailed the tax-cut plan. Senate GOP Leader Everett M. Dirksen said it "appears as a request for Congress to surrender its authority in this field and would seem to be a movement in the direction of centralized executive power."

Sen. Homer E. Capehart, R-Ind., considered the request unconstitutional and predicted Congress would not approve. Sen. John J. Williams, R-Del., senior GOP member of the Senate Finance Committee, said he would oppose the request.

Democrats, led by Senate Leader Mike Mansfield, praised the message. Mansfield said it had "the authentic earmark of greatness...plots rational leadership for the advance of freedom and peace in the world."

## Reactions Mixed on JFK Talk

WASHINGTON (UPI) — President Kennedy's State of the Union proposals today drew warm praise from congressional Democrats and immediate opposition from Republicans.

His request for standby authority to cut income taxes to combat a recession was quickly attacked by the GOP.

Senate Republican Leader Everett M. Dirksen said the proposal "appears as a request for Congress to surrender its authority in this field and would seem to be a movement in the direction of centralized executive power."

The Illinois senator said of the over-all message that it "is like a Sears Roebuck catalogue with the old prices marked up."

He said the speech "can hardly be called a great message nor can it be called a bad one." Dirksen concluded: "One thing is certain and that is that these requests will make the New Frontier blaze with controversy."

Speaking for the Democrats was Senate Leader Mike Mansfield, Mont. He said "It is a statement that has the authentic earmark of greatness. It points the way, first, to what must be done at home for the progress of all our citizens. On that base, it plots rational leadership for the advance of freedom and peace in the world."

Sen. Hubert H. Humphrey, D-Minn., said the speech "is a prescription of strength and responsibility for world leadership."

Humphrey, who opposed Kennedy in the presidential primaries in 1960, particularly welcomed Kennedy's recommendations for domestic welfare legislation. He said the speech was a "message of optimism and a renewed call to action and work."

## U.S. Bomber Smashes 11 Air Records

TORREJON, Spain (UPI) — A giant, eight-jet Strategic Air Command bomber landed here at 5:10 a.m. PST today after a 12,519-mile hop from Okinawa in the Pacific Ocean. It smashed 11 distance and speed records for non-stop, nonrefueled flights.

The gleaming B52H bomber, piloted by Air Force Maj. Robert Carson, 45, Flint, Mich., hit the runway of the U.S. Air Force Base here exactly 22 hours and 10 minutes after takeoff from the Kadena Air Force Base on Okinawa.

SAC Commander-in-chief Gen. Thomas S. Power, in a message to the eight-man crew of the bomber, hailed the flight as "historic."

## Bitter Cold Hangs on as Records Set

By United Press International  
Bitter cold that gripped practically all the nation hung on today with record low temperatures and deep snow dipping into Dixie.

But forecasters said relief was on the way for the Midwest, which has staggered under one of the longest cold spells in years. The forecast was for gradual warming.

The mercury stood at 12 degrees at Pensacola, Fla., lowest since Weather Bureau instruments were installed at the present location 21 years ago. But the citrus area around Lakeland, Fla., was saved from freezing temperatures by a wind shift.

Citrus farmers around Brownsville, Tex., were less fortunate. Millions of dollars worth of unharvested oranges and grapefruit may have been damaged in temperatures six degrees below freezing. Unprepared for such cold, many residents were sheltered in public buildings during the night and many schools were closed today.

At Mobile, Ala., it was 8 above zero, the lowest for any January day there on record. It was 7 below in western Virginia, with as much as nine inches of snow on the ground.

## Horoscope Forecast

For Friday, January 12

**GENERAL TENDENCIES:** This is the day and evening for you to use much care so you do not upset prearranged plans and seek new scenes, new working materials, new personalities and new surroundings. Instead stick to what you have already placed in motion, adapt modern methods and above all, keep your temper completely under control.

**ARIES** (Birthdays from Mar. 21 to Apr. 19) — Take care you do not permit an upset, irate friend to get you so worried about his, or her, problems that you neglect own affairs. Be courteous, but carry through with activities and work you have planned to do. Be efficient.

**TAURUS** (Birthdays from Apr. 20 to May 20) — A secret worry could keep you in a stew and unable to carry on with your work if you permit. If there are delays, take the opportunity to go over details, etc., of important projects. Read elevating books in P.M. Forget worries.

**GEMINI** (Birthdays from May 21 to June 21) — Take care that you do not get into any altercations between partners and so-called experts, since your own viewpoint is apt to be far more accurate. Be courteous but take no sides. Keep busy occupied. Then solve matter yourself.

**MOON CHILDREN** (Birthdays from June 22 to July 21) — See that you are the soul of diplomacy with a higher-up today, and don't feel you need the support of one at home to handle the matter wisely. Then also show fortitude in the handling of important business matters. "Grow."

**LEO** (Birthdays from July 22 to Aug. 21) — It would be most unwise to make radical changes now and give up the old trusted friends and outlets only to get into other things that unreliable persons are trying to force you into. Exert your will power and carry on valiantly.

**VIRGO** (Birthdays from Aug. 22 to Sept. 22) — If you follow that inclination to be extravagant and pleasure-bent, you will forfeit the backing of those you need at this time. Remain steadfast, efficient in your work instead. Tonight — be kind to loved one, as deserved.

**LIBRA** (Birthdays from Sept. 23 to Oct. 22) — Be careful you do not bring a dynamic outside friend in contact with home tie who is the quiet type. There would be friction and spoil your chances for advancement.

**SCORPIO** (Birthdays from Oct. 23 to Nov. 21) — Try not to become frustrated when others come along and endeavor to change your plans or keep you from doing your work efficiently. Be courteous, but carry on religiously with whatever you have to do. Get ahead, despite all.

## Yugoslavian Earthquakes Hit Villages

**BELGRADE, Yugoslavia (UPI)** —Earthquakes jolted the central and coastal sections of Yugoslavia today, triggering landslides, wrecking villages, cutting communications and touching off mass flights of residents.

First reports said at least one person was killed. It was the second series of quakes to hit the country within a week. Several days ago earth shocks destroyed 75 per cent of the houses in the coastal town of Makarska and killed two persons.

Makarska on the Adriatic, was badly hit again today. Truckloads of refugees fled to Split, farther down the coast.

Belgrade Radio said inhabitants of villages in the areas were ordered into the open country. Army and navy units were ordered in to help victims and a call was made for 2,000 beds, tents and food for the homeless.

The first fatality was reported from the village of Podgora hit by a landslide triggered by the quakes. The nearby village of Mainovici was "entirely destroyed," the radio said.

Today is Thursday, Jan. 11, the 11th day of the year with 354 to follow in 1962.

The moon is approaching its first quarter.

The evening star is Jupiter.

On this day in history:

In 1785, the Continental Congress convened in New York City.

In 1861, Alabama seceded from the Union.

In 1935, aviatrix Amelia Earhart putnam took off from Wheeler Field, Honolulu, bound for the United States, in an attempt to become the first woman to make a solo flight across the Pacific Ocean.

In 1943, Great Britain and the United States signed treaties with China relinquishing extraterritorial and other special rights in that country.

## Burglars Get \$500 In Goods

**CATHEDRAL CITY** — Burglars took some \$500 worth of goods from the Sunair Drug Store here sometime Tuesday night or early Wednesday morning, according to a report from the Indio sub-station of the Riverside County Sheriff's office.

Electric razors, costume jewelry, watches and cameras were taken from the store after the thieves gained access by entering one of the second story offices and broke an opening in the inside stairs.

According to the deputy's report, the thieves apparently first sought entry from the roof through the air conditioning ventilator. Failing in this, they found an open window to a vacant office on the second floor. After failing an attempt to drill through the floor, they gained access through the stairway.

Deputies think there were several burglars because three empty dishes of sherbert, with spoons, were found on the counter at the store. The report indicates the thieves spent considerable time in the building because a second story dentist's office was also rifled. Nothing was reported taken there, however.

**NEW YORK (UPI)** — The Church of Jesus Christ of Latter-Day Saints (Mormons) will build a 30-40 story skyscraper on Manhattan's Fifth Avenue. It was announced Wednesday. The building will be a center of missionary, administrative, cultural, recreational and informational activities

## Hospital OK'd on Accreditation

Dr. Theodore F. Hughes, a one-man medical task force representing the nationwide Joint Commission on Accreditation, has completed a thorough examination of the Desert Hospital.

Object of the triennial survey is the hospital's application for renewal of its full accreditation status among American hospitals. Robert Henwood, hospital administrator, announced.

The Joint Commission on Accreditation, comprising 20 representatives of the American Hospital Association, the American Medical Association, American College of Physicians, and the American College of Surgeons, casts ballots on accreditation of hospitals after inspection data is compiled in the Chicago headquarters.

**Day-Long Survey**  
"My interest in this inspection is at least 75 per cent in the medical services here," Dr. Hughes said. He emphasized that the day-long survey included all facilities of every hospital department, ranging from janitorial to laboratory services. The trained physicians and surgeons, backed by skilled technicians and nurses, are still the heart of a hospital, he said.

Accreditation, to meet comprehensive minimal standards set by the joint commission, is a voluntary thing with participating hospitals. Dr. Hughes explained.

"We make suggestions for any possible changes or additions we feel would aid hospital service, and all these reports are confidential to the hospital," he said. "Our services are intended as an aid to hospitals, not as an overseer," he added.

Dr. Hughes pointed out that in some states — not now including California — there is a growing trend among medical insurance programs to give maximum payments only for fully accredited hospitals. Accreditation is a stamp of conformity to high professional standards which are uniform across the nation thus assuring patients of top-rated care.

**Care of Patients.**  
"The Joint Commission is actually only interested in the care

## Russ Hosts Praised by Travelers

**MOSCOW (UPI)** — Eighteen Western passengers including four Americans, detained when their Belgian Sabena airliner was forced down in Russia by Soviet fighters, left by plane today for Brussels.

The passengers, along with four crew members, arrived here Wednesday aboard a Russian Ilyushin-18 turbo-prop from Grozny, where their Caravelle jet was still being held by the Soviets.

The four crewmen planned to leave Friday after their plane is released. A Sabena spokesman here said he understood the jetliner would be flown to Moscow later today by a Belgian pilot.

The travelers who spent a quiet night in a hotel in Oostankino near the outskirts of Moscow praised the hospitality of the Russians.

Jan Van Rooven, 42, a Sabena official, said: "We were extremely well treated. They fed us well. They gave us food and cigarettes."

Mrs. Dolores Haddad, 21, Los Angeles, echoed Van Rooven's sentiments. The young woman, who was traveling with her husband, Emilie, 24, a Lebanese national, and their 14-month-old son, Michael, said Russian soldiers provided diapers for the baby by cutting up their blankets.

"We had no trouble with Michael," she said. "He eats what we eat and the Russians brought warm milk in a bottle."

Mrs. Maria Weimer, New York, said most of the passengers were "really wonderful. They complained little and no one seemed to be afraid."

Mrs. Weimer, who was on her way to Athens and then Tunis with her husband, Charles, an operating engineer for Morrison Knudsen of Africa United, said the Russians "tried to calm us a bit by providing chess sets, dominoes and for smokers, filtered Bulgarian cigarettes."

### Hotel Guests Left Bill and Took Equipment

Palm Springs police sounded the alarm today for two former hotel guests here, who should be fairly easy to spot.

Gerald Bernard Strunk, 25, who stands six-foot, three-inches tall, and Louis Leon Chapa, 29, five-foot, eight-inches, both of Ft. Worth, Tex., are sought as suspects in a \$150 bill skip from El Mirador hotel. The pair, last seen driving a 1954 car, had with them numerous pieces of domestic equipment.

Police report that the equipment may tally with a list of things taken from El Mirador rooms occupied by the men. Missing articles include two portable television sets, eight wool blankets, eight bed sheets, two lamps, four pillows and cases, three pictures and two shower curtains.

## Mayor of 'Frisco to Speak Here

Mayor Christopher's talk will highlight a meeting of the Palm Springs Republican Assembly. On the program with Christopher will be Howard Jarvis, Los Angeles Republican leader who is a candidate for the United States Senate.

James Hicks, president of the Palm Springs Republican Assembly, will preside in the meeting. Edgar L. McCoubrey, former president, will be master of ceremonies.

### May Obtain New Traffic Light

**CATHEDRAL CITY** — The State Division of Highways has a survey under way to determine advisability of installing a stop sign or traffic signal on Highway 111 in the heart of Cathedral City.

This was disclosed in a letter to the Chamber of Commerce from C. V. Kane, district engineer, that was read at a meeting of the board of directors Wednesday night.

Jim Wand, chamber vice president who conducted the session, said the state had been asked for a stop sign to slow traffic through the community.

In other action the board approved rent-free use of Town Hall by the American Association of Retired Persons and use of the building by the Girl Scouts.

Margaret McIntyre, secretary, said plans also were launched for a membership campaign that will include residents of the community, at a membership fee of \$5 each.

# U.S. Makes Claims in Water Suit

By ELMER LAMMI  
United Press International  
WASHINGTON (UPI) — Solicitor General Archibald Cox today based federal claims to Colorado River water on treaties under which Mexico ceded the area to the United States.

Cox, arguing before the Supreme Court, defended a report by Special Master Simon H. Rifkind which allocates water to Indian reservations and other federal facilities in the lower Colorado Basin.

Charles H. Reed, an attorney for Arizona, had contended that the government sought to reserve water for Indian reservations whether they needed it or not.

Reed said such water was wasted and could better be used to the advantage of the Indians as well as of non-Indians by making it available for the proposed central Arizona reclamation project.

**Threat to MWD**  
Fate of the project rests on the outcome of a legal battle between Arizona and California over how Colorado River water should be divided.

California contends that a formula proposed by Rifkind would lead to the destruction of the Metropolitan Water District, which supplies Los Angeles, San Diego and other Southern California cities with Colorado River water.

The government, and intervenor in the case, generally supports the Rifkind formula, which is regarded as a victory for Arizona.

Cox, in presenting the government's case, raised for the second time the specter of more years of feuding, when he suggested it might be necessary to return the report to Rifkind for revision.

**Supports Rifkind**  
Cox, who said he was doing it reluctantly, suggested that it may be necessary to revise the report if the court did not accept its major premises.

The solicitor general supported Rifkind's finding that the allocation of water among Arizona, California and Nevada was legally made through contracts executed by the secretary of the interior under the Boulder Canyon Project Act.

A basic disagreement has been that California argues the allocation should be made on the basis of "system" water including tributaries of the Colorado. Rifkind advanced, and the other parties support, the view that only the mainstream waters would be divided.

Cox said the government was fully in accord with Arizona's contention that it had the full right to use Gila River waters without reduction of its share of Colorado River water.

## Annual Diamond Membership Up For Grabs Again

PALM DESERT — The annual "Diamond Membership" of the local chamber of commerce is again up for grabs!

Chamber Manager Don McNeilly reports that the member who donates \$1,000 will be officially designated as "Mr. (or Mrs.) Palm Desert for 1962."

Each year the chamber offers the single diamond membership and honors the donor in various ways. The "Mrs. Palm Desert for 1961" was noted realtor, Edith Eddy Ward.

## Jack Oakie in Desert Sunshine

PALM DESERT — Jack Oakie and his wife, Vickie, are staying at the Shadow Mountain Terrace for a few days of relaxation and sunshine.

They were the recipients of gifts from the local chamber of commerce. The comedian received a gold golf ball and tee set while Mrs. Oakie received a Palm Desert souvenir sterling silver spoon.

## Bay Gelding Killed by Car

PALM DESERT — A horse belonging to Gardner Lippincott of Shadow Lane was killed here on Highway 111 Wednesday morning when it got loose from its fenced pasture.

The horse, a bay gelding, was struck by a car as it attempted to cross the highway. Two other horses and a donkey in the same pasture were also loose but were not injured. The animals ran to the Polo Grounds at El Dorado where they were retrieved by their owners.

## ON TRAM NAME

# Palm Desert Chamber Backs Springs Move

PALM DESERT — The chamber of commerce of this desert resort community has backed a resolution by the Palm Springs Chamber that it — Palm Springs — be identified with the name of the proposed Tramway from the desert floor to the top of San Jacinto Mountain.

In a letter to Palm Springs Chamber Manager James Cooper, with carbons to Palm Springs Mayor Frank Bogert and Chairman Earle Coffman of the Winter Park Authority, the Palm Desert Chamber strongly backed the Palm Springs proposal.

"It should be obvious to all concerned that the value of including 'Palm Springs' in the name is inestimable, both from the standpoint of informing people around the world as to the exact location of the Tramway but also the value which will be received by the Tramway commission itself in assuring that this Tramway may not be confused with any other 'place,' the letter reported.

The action was taken by the Palm Desert Chamber meeting last week, according to Manager Don McNeilly, and the letter was sent Wednesday.

## College to Step Toward Equipment

PALM DESERT — Steps will be taken at the monthly meeting of the Coachella Valley Junior College board tonight toward the purchase of laboratory equipment.

It is estimated that \$130,000 will be spent for the built-in furniture for the science courses. According to the administration, about 60 per cent of the cost will be paid out of the current budget with the remainder coming in the spring of 1963.

The agenda for tomorrow night also includes approving of various staff appointments, action on a scholarship policy, authorization for printing of a series of brochures, and further discussion of adult education plans for the district.

### CRASH KILLS ENVOY

WARSAW (UPI)—Four persons including the Outer Mongolian ambassador to Poland, Odjwyn Bat-Oczir, were killed here in an automobile accident Wednesday.

## BY ENGINEERS

# Report on Tram Given

Members of the Mount San Jacinto Winter Park Authority have received their second quarterly report of progress on the \$7.7 million project from the Tudor Engineering Company of San Francisco. According to the engineers, the project is on schedule.

Most survey work for the Tramway has been completed, the engineers indicated, and early construction on the five towers placed between the valley and mountain terminals is underway.

Praising the merits of the helicopter in helping get the work underway, the report indicated that some 1,380 round trips had been made in 690 operating hours from the base to the mountain station. "In addition to moving personnel, this operation has transported to the vicinity of the mountain station the building materials for a 40-man construction camp; a small skip dozer, a wheeled tractor with attachments; rock drilling machinery; 300 tons of sand and gravel; and miscellaneous supplies including fuel, water, food and tools," the report stated.

It related that men have been delivered to various locations necessary for towers and supplies often by hovering when the terrain made it impossible for even a helicopter to land.

Construction reported by the engineers includes the "virtual" completion of the grading of an approach road from North Palm Canyon Drive to the Valley station. In addition, "parking areas

are being developed and all graded surfaces are being leveled with sand imported from east of Highway 111," the report stated.

Foundation studies have been made at the five tower sites, the report stated, with all points except Tower No. 1 to be secured on bed rock, with that tower to be supported by tower legs on a deep bed of gravel and boulders.

All towers have been located with basic design and height de-

termined based upon surveys and geological information developed by a Berne, Switzerland, company.

"It has been decided that five towers with an aggregate height of approximately 531 feet will be required. The lowest of these will be 57 feet and the highest will be 196 feet. The longest span between towers will be approximately 3,020 feet," according to the report.

The report was dated Dec. 31.

## Nancy Belle Fulk Becomes Bride of Kenneth Schauer

Following their candlelight wedding at Palm Springs Community Church, Mr. and Mrs. Kenneth Schauer are at home at 7450 Los Feliz Drive, in Highland, Calif.

Dr. James H. Blackstone officiated at the double ring ceremony.

The bride, the former Nancy Belle Fulk, wore a full-length, chantilly lace gown with a chapel train and a bustle back, with matching mitts and an illusion veil caught by a seed pearl crown. She carried a bouquet of white roses and orchids on her prayer-book.

The attendants, all cousins to the bride, wore blue and green silk sheath and wristlets of white carnations dresses for the rainbow wedding. Maid of honor was Charlotte Keith, and Pamela Davis and Donna Keith were bridesmaids. Flower girl, Lianna Keith, carried a nosegay of white roses.

Best man to the groom was Carl Keith of Los Angeles, another cousin to the bride.

Mildred Kammeyer was organist and Charles Berglund was soloist.

Following the wedding, the newlyweds were honored at a punch and cake reception in the church parlor.

## Society Will Introduce New Members at Tea

New members of the Palm Springs Historical Society will be introduced at a tea given in their honor, by the Society's Board of Directors on Thursday, Jan. 18, at 4 p.m. in the new headquarters at 145 East Tahquitz Drive.

Formerly the home of Miss Cornelia White, this house is an historical item in itself.

The building is being restored and painted, and will be furnished with pieces donated by the pioneer families of Palm Springs.

The advisory committee for redecorating is Mrs. Frank Bennett, president of the society, Arthur Elrod, and Mrs. J. Smeaton Chase.

Following completion of decorating, the building will be open to the public as an exhibit, under the direction of Miss Katherine Finchy and her hostess committee of volunteers.

## on the Sunny Side

Next Wednesday women will be wearing their down-to-the-calf dresses that they tucked away rather than tucked-up, and men will be wearing those fat four-in-hands with hand-painted flourishes, when they attend Thunderbird Country Club's "Perfectly Bad Taste" Party.

To get in the awful spirit of things, members and guests will be given two free glasses of spirits at 7 p.m., and later on a perfectly good tasting dinner will be served and Joe Moshay's orchestra will play for dated dancers.

Peg Waters is chairman of the horrid affair and is being assisted by Helen Braunschweiger, Mildred Brown, Peg Christie, Lucy Curci, Vera Prentice, Brownie DeTarr, Mary Godchaux, Ginny Hugo-Vidal, Bea Needham, Alta Roberson and Marion Stainton.

Maybe the Oklahoma Indians blame the Cahulla Indians for the history-making Manhattan merger. Whatever the reason, they do not wish to deal with them in land matters.

A group of those Indians, the ones that call Disneyland home, were here this week trying to purchase 23 acres of land in the

Araby area from Desert Inn's artist, Jana. Jana suggested they try leasing some Indian land for their venture and they wanted no part of same.

If they do complete a deal with Jana, or any other white man, they plan to construct an authentic Indian village for tourist purposes.

Speaking of Jana, I have always thought that artists that paint pastels in the foyers of hotels and clubs should be called lobbyists. After all, they usually do a little bit of swaying in favor of their subjects best features.

Joal Butler, a member of the Palm Springs Mounted Police, received an off-the-hoof farewell when he left for a six months stint with the Air Force reserve in San Antonio. The entire Mounted Police force turned out at the airport to see him off.

Incidentally, Joal's parents, Joe and Alice Butler of Palm Springs, made Joal a real namesake, when they combined their names to name him.

Mr. and Mrs. Kirby Swegle of Los Angeles visited here last weekend in the Cerritos Drive home of the Harry Walkers. Mrs. Swegle represents dress designer Dorothy O'Hara, who knows how to handle a drape so it covers curvaceous women.

The Walkers' teen-age daughter, Diane, was home for the weekend from Van Nuys, where she attends college. When here, Diane works at Palm Desert Pharmacy and last week she went to work wearing a pair of those furry slippers that resemble a pair of matched siamese kittens. She left her slippers in the back of the store when she transferred to work shoes, and when pharmacy owner Ed Mullens happened upon them (literally) he commented, "I think I killed them both."

Speaking of teen-agers, here is some of their latest humor, which I picked up from various and sundry home for the holidays.

There was this girl who bought a book titled, "How to Hug," and discovered she had purchased Volume Nine of an encyclopedia.

Question: If you were out in a boat and had three cigarettes but no matches, what would you do? Answer: Throw one cigarette overboard to make the boat a cigarette lighter.

Fads include concocting new versions of popular slogans and using spoonerisms, the language mixups named for the English minister who was always committing them by accident. Examples:

"Remember, only forest fires can prevent bears" and the teacher asked why you hissed his mystery class.

Probably because I have a secret desire to be a teen-ager again. I think some of the above humor is giggle-worthy.

Any young fellow who is boot-camp-bound would do well to stop at Rancho Mirage Barber Shop and let Len (Mac) McCallum crop his crew before Uncle Sam's scissor-man gets hold of him.

Mac said the former president chosen, from all barbers in the area, to military-cut Eisenhower's hair. And he did it in the comfortable surroundings of Ike's \$175,000 Eldorado home.

Mac said the former president spoke of his grandchildren and of Palm Desert Community Church, which he enjoys attending each Sunday.

Nightly pin-ups of the hair no longer are necessary when a new longer-lasting hair-set lotion is used, the manufacturer claims. The lotion keeps the hair set for a week without curling it too tightly for the straighter, more casual hairdos. The manufacturer said tests have shown the lotion effective for all hair textures and colors, including tinted and bleached hair.

### Soroptimists Told Merits Of Better Business Bureau

"Before you invest, investigate," warned Wilson Cross as he discussed the program of the Better Business Bureau at Soroptimists' luncheon meeting at Holiday Inn. Cross, who represents Inland Cities, said that the bureau is the only organization devoted one hundred per cent to the job of building public confidence in the American business system, with a constructive program of preventing fraud and unsatisfactory dealings. It also promotes fair advertising and selling practices, he said, and quoted one business leader as saying "The average citizen is served by a highly efficient organization that costs him nothing and may save him lots of money."

Katherine Finch and her staff, Angie Martins and Tess Potter, handed out the fourth edition of Soroptimemo for this season, carrying the January club calendar.

President Polly Isenagie announced a potluck dinner, which will be held in Santa Fe Federal's community room on Thurs-

day, Jan. 25 at 7 p.m. This will be a ways and means project, with \$1.25 collected from each diner. She also read the call to the Riverside Council meeting which will be held at Desi Arnaz' Indian Wells Hotel on Jan. 20. Coachella Club will hostess the all day session, which starts with morning coffee at 9 a.m. and continues into the afternoon, following lunch.

Guests at the meeting were Alida Tysseling, Louise Purnell, Lillian Willets, Estelle Yerkes, Jean Makmo, W. Lee Wenzlick and Lorraine Hills.

Lucille Johnson will be the speaker at next Tuesday's luncheon meeting at Holiday Inn at 12:15 p.m. She will speak on the development of personnel, "Your Attitudes Are Showing."

To fasten a food chopper more securely, place a pot holder on the table and put the chopper on it before tightening the screws,

### Valentine Party

A Valentine party was planned by Xi Theta Eta Chapter of Beta Sigma Phi at their meeting in the home of Mrs. Louis Crooks. A Xi Theta Eta member and Cystic Fibrosis chairman for Mission California Council Jean Wallace will be in charge of the program at the January breakfast of MCC, and the chapter decided upon its contribution to the fund. Also discussed were forum topics for the 1962 state convention and area council activities.

Mrs. Robert Taylor was named telephone chairman.

The program for the evening was on house backgrounds, with Mrs. Gene Read leading the discussion on wall colors and materials and room designs.

Others participating were Mmes Bill Maidhof, John Dill, Taylor, Crooks, Hayes and a guest, Marge Sherman.

# A Slippery Sport

THE ANCIENT Scottish sport of curling is rapidly gaining in popularity in parts of the United States and is competing with bowling in some sections as a national winter pastime.

Played on ice, the game is similar to shuffleboard in many ways. There are four players to a side. The object of the game is to slide a 38-pound polished granite stone down a 130-foot frozen lane or alley,

attempting to land it in the target area. These pictures show members of the Granite Curling Club, Seattle, Wash., "breaking the ice" as the season for curling officially gets under way.

Two members of the Granite Curling Club, Seattle, Wash., look on in their new quarters as teammates (background) work furiously with their brooms to clear the ice for a stone that is sliding toward the target.

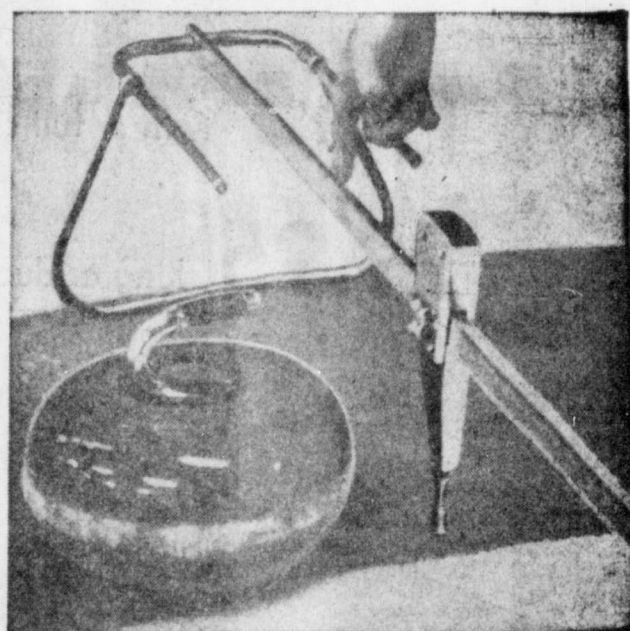

Mrs. Tom Wallace, serving as captain, uses broom to direct a teammate's shot. Her hand signals for a hook, or in-turning curl.

Demonstrating a style of delivery admired by curling purists, John Jamieson gets down on all fours to launch his stone. Teammate at far end signals shot he wants.

With a deft twist of her wrist, Mrs. Clifford Cruickshank sends her stone toward spot indicated by captain's broom.

A special measuring device with a sliding pointer is used to decide winner when two stones are close.

"Sweeping" is the most strenuous part of curling. The broom, in addition to being a pointer, lets supporting players sweep frost or moisture from in front of the stone, permitting it to carry farther over 130-foot lane.

"WOW! NO WONDER HE HAS TO TAKE NAPS!"

TV in Review

NEW YORK (UPI) — An all-star lineup can't help when the script is all-star.

"A Time to Die," the "Dick Powell Show" for Tuesday night on NBC-TV, was sprinkled with such stars as Ernest Truex, Edgar Bergen, Andy Williams, Tuesday Weld, John Saxon, Powell, his wife, June Allyson, and their two children, Pamela and Ricky. And still it came up as a hairy time waster.

Written by producer Aaron Spelling, the play was one of those "Twilight Zone"-type operations in which we find the living and the dead rolled into one body that is warm-cold, visible-invisible and capable of being in two places at one time.

The hard-boiled fantasy failed in its attempt to treat sad and seamy situations with shallow, casual, incongruous good humor.

The script gave Powell a change to portray a ruthless underworld boss who was near death following an automobile accident. Visited in the hospital by two omniscient, formally clothed "doctors," Powell was advised that he had earned the privilege of selecting one of three strangers to die in his stead at midnight Friday.

The strangers, it developed, were Miss Weld, a suicide-bent entertainer's mistress; Ricky Powell, a sickly child, and Saxon, a no-good punk.

It was obvious from the start

Wants Change

HOLLYWOOD (UPI) — Actor-producer Paul Henreid has been assured he will not have to play the romantically suave role that made him famous in MGM's "Four Horsemen of the Apocalypse."

He said he wouldn't take a part without the stipulation that he'd play a different type of role. "You know this type well," he said, "fascinating, debonair and utterly charming — the kind of people I simply can't stand anymore."

## Our Scenery Wins a Round

Billboards, which clutter up our roadsides and reach their peak concentration in the state within a few miles from Palm Springs, apparently face rough sledding in Riverside County.

Supervisors, who in 1959 established a comprehensive M-3 zoning plan which banned billboards, again refused this week to ease the law to allow the signs in certain designated localities.

The law, now in effect almost two years, provides that there can be no new billboards in the M-3 zones and stipulates that those now existing must be removed in five years from the effective date of the measure.

Some of them have already been removed. But not by the owners. The wind took care of them. Practically two-thirds of the unincorporated area in the county is included in these M-3 zones.

The County Planning Commission was of the impression that the law embraced too much territory and that there were places in the M-3 zone which were suitable for billboards. They recommended a new M-5 zone which would allow billboards and suggested 30 such zones in the county — each about a mile long.

Four of these zones were in the Palm Springs vicinity, at the entrances to the city. It would have been an improvement on the present situation in that it would have allowed billboards for only a mile in "Billboard Alley," that stretch of Federal Highway 60-70-99 between Banning and the Palm Springs cut-off, instead of 12 miles. That stretch of highway is reputed to have the heaviest concentration of billboards in the state.

Early in December the same matter was before the board of supervisors and at that time they deferred action to learn how the cities which would be affected by the new M-5 zones felt about it.

This week the matter again came before the board. Again they refused to accept the planners' recommendation.

Instead, they returned the plan to the

commission and asked for an even stricter law to regulate billboards.

The victory of those seeking to beautify the approaches to the city, however, is not securely won. Planners wasted little time in answering this week's action of the board of supervisors and again recommended a billboard zone at the Indian Avenue entrance to the city. They also stuck to their guns on an M-5 billboard zone in the present "Billboard Alley" on Highways 60-70-99.

Their only concession was to eliminate three of the proposed M-5 zones — in the desert area between Indio and Blythe.

Two board members said they were not averse to easing the billboard ban but three were emphatic. Our own Fourth District supervisor, George Berkey, was of the opinion that the county should be in no hurry to adopt rezoning to allow billboards and Chairman Norman Davis feared a change would make this a "billboard county."

When it was suggested that the billboard companies themselves are regulating the space between signs, Supervisor Paul Anderson agreed, saying they are regulating themselves so well "you can't see the scenery for the billboards."

Action of the supervisors in refusing to be stampeded into a new measure to allow more billboards, should be greeted with satisfaction, especially in the Desert Empire.

One of our main assets is the view. Anything that tends to detract from it should be discouraged. Projects have been completed to enhance the pleasant aspect inside of the Palm Springs city limits and other projects are contemplated. To spatter the roadides leading into the desert with these signs would be far out of line with the trend all over the nation, to create the impression of an orderly, beauty-conscious community by pleasing approaches.

There are places, to be sure, where there is no scenery for the billboards to blot out. If billboards are to be allowed, those are the places for them.

But they should not be here in the desert where we have so much for our visitors to view.

## Building to a Sorry Legacy

Every father worthy of the name entertains the hope that he can leave something substantial to his children when he is gone. Whether it be adequate insurance or amassed savings, he wants to provide for them. He desires that they have it better than possibly he had. Or, at least as good. But he may be hard-pressed.

Latest study of federal government finances reveals that it is spending \$18,000 a minute. That works out to more than a million an hour, \$26 million a day and \$3 billion every ten days.

Interest on the national debt in the last

fiscal year alone was \$9.5 billion. It will be higher this year as the debt ceiling has been boosted.

This is the result of spending money we do not have. What it means is that we are simply passing on the bill to future generations and with it we have been creating a welfare state which, if the current trend continues, will handcuff their freedoms as it drains their pocket books.

That is about as far from the wishes of a father for his children as you can get and about as sorry a legacy as anyone can think of.

HOLMES ALEXANDER:

## Small Men With Mighty Messages

WASHINGTON, D. C. — Anti-Communism, anybody? Or is the American mind too jaded with feeding on sweetmeats about disarmament, peace and coexistence to have any relish for the more life-giving foods? Have we forgotten what the cold war of 1945-61 is all about? Anybody for a little international Red-baiting for a change?

Well, it was refreshing to read that Nationalist China's President Chiang Kai-shek hailed 1962 as the year to "deliver our people from tyranny." It's good to hear that there's life in the old lion of Formosa yet. It's heartening to the free world—or it ought to be—to find that one of our leaders rails the famine and industrial failures in Mainland China as glad tidings for the rest of the free world. You don't win wars by being indifferent about the bad luck that befalls your enemy. Chiang's New Year's message said in part:

"The great chaos on the international scene and the unprecedented calamity on the Chinese mainland... have reached the most extreme proportions... Now is the time for us to press on in our all-out fight against Communism... by a determined counter-offensive."

Better From High Places  
Those were words some of us would like to have heard come from President Kennedy, Prime Minister Macmillan or whoever is supposed to be in charge of winning this world struggle from the

Reds. President De Gaulle, it's true, gave a New Year's message of militancy, telling the French armed forces that France depended upon them and that the year might call upon them for "warrior's action." But De Gaulle limited his appeal to his own country and did not attempt to speak as a world leader against this free world foe.

But a man almost unknown to the world, and from one of its smallest countries, President Miguel Ydigoras of Guatemala, spoke for our side—anti-Communist side. To the astonishment of all, Ydigoras dared to chide no less a dignitary than the President of the United States. He said that Mr. Kennedy owed it to the hemisphere and, by inference, owed it to history, to finish what was started so badly in the invasion of Cuba last April. Ydigoras said:

"President Kennedy still has the responsibility of a sequel neither cleared up nor fulfilled... Evidently considering any attempt to grapple aggressively with Communism to be a good thing, even if it temporarily fails, Ydigoras went on to say:

Victory, Not Defeat  
"The Bay of Pigs was a victory, not a defeat, and he who begins under such auspices must go on with the great task of de-communizing that part of the American territory."

It is not surprising that such talk seems strange and startling

PITTSBURGH — Luis Baralt Jr., a former member of Castro's government, on the Cuban dictator's popularity:

"Castro has lost considerable popularity with the peasants who have gotten communes instead of the land they were promised and less money, not more."

## THIS SIDE Of The Sun

R. F. "Phat" GRAETTINGER

The news this week  
Recalls cub days  
When I first trod  
Newspaper's maze.

The big journalistic shake-up in Los Angeles last weekend brought back many memories. When I first decided that it was more fun to clobber a typewriter than in getting ink on my hands, face, in my hair, on my shirt and pants, there were six newspapers in Low Angeles. Now there are two.

AFTER A SPELL of after-school and Saturday part time work on the mechanical side as printers devil and galley hop and general all-around nuisance, looking for type line and chasing all over town looking for a left-handed capital N, I fibbed to the city editor of the old Morning Herald that I was an experienced reporter. He stuck me over on the sports side and the fun began.

I was getting paid for watching fights at the old Naud Junction arena, baseball games at Chutes Park and college football in the days when USC listed Occidental, Pomona and L.A. High as its big games.

AT THAT TIME, besides the Herald, then a morning paper, there were the Times and Examiner, also morning, and the Express and Record evenings.

The Times was at First and Broadway (where it was bombed out in 1910), the Herald between First and Second on Broadway, the Express on Fifth near Broadway and the Record on Wall St. near Sixth.

The Record with its pink front and back pages, as my second remunerative chore.

E. T. EARL, who dabbled in the citrus fruit market as well as getting out the Express, decided he'd try the morning field and started the Tribune. That made four morning papers in Los Angeles. Now there's one.

About that time I figured I'd save more money being a fairly big shot on a small paper "in the sticks" than just one of the gang in the Big Town and went to Ontario.

THERE FOLLOWED some changes, the forerunners of last week's big shake-up. The morning Herald became an evening paper.

The Record became the News the Trib had folded and the Express was absorbed by The Herald. Then the Times built a new plant and started The Mirror which took over the faltering News.

AT THAT TIME I made my luckiest move, from Ontario to Palm Springs. I thought that Ontario job was going to be permanent but it was only a temporary 32 years. Newspapersmen are noted for moving around. Now it's 20 years here, a long way from cubdom but more fun each year. From a half dozen jobs on six papers in two years to two papers in 32 years is a slight switch.

Pardon my looking back but I know there are some old-timers here who remember those old L.A. papers. Some of them even tried to outshoot each other selling rival papers on Spring street, then the main stem.

They know what fun that was, too.

ABIGAIL VAN BUREN

## Dear Abby...

DEAR MISS VAN BUREN: Sixty years ago, when I was a young man, I read in the newspaper that a husband had charged his wife with "stealing" because she picked his pockets. The judge said she was not guilty because she had a right to pick his pockets. When a judge hands down a verdict on some case which has never before been settled in court, his verdict establishes a precedent and becomes "Law."

Abby, you said in your column that a wife has no business picking her husband's pockets. I am sure if you had known of this law you wouldn't have given that answer. Respectfully, —G. G.

DEAR G. G.: I am not qualified to give legal advice. But it is possible for one to be "legally" right and "morally" wrong. I still say it is morally wrong for a woman to pick her husband's pockets.

DEAR ABBY: My fiancé and I are about to announce officially our engagement by having a picture put in the newspaper. I have seen pictures of a girl and her fiancé together on occasions like this, and I want very much to do the same. My fiancé is giving me trouble. He says it is corny and stupid, and I should go ahead and give the society editor my own picture and leave him out of it. I had my heart set on a nice picture of both of us but want to

know if I am wrong or does he have a point? —GETTING MARRIED

DEAR GETTING: A picture of "the couple" is entirely proper if it is the paper's policy to accept it. Some do and some don't. After you've learned this, don't disregard your fiancé's feelings, or more could develop than a picture.

DEAR ABBY: It's not always the woman who gets deceived. I fell for a pretty red-haired doll who told me she wasn't married. Ten months and \$3,000 later I found out she was married. Please print this for all the men who get blamed for being the rats. —FOOLED

DEAR ABBY: I am so starved for a kind word and a little affection that I don't dare let a salesman in the house any more. I have been married to a machine for 18 years. He has no feeling for me whatsoever. I am treated like a housekeeper. No one would believe it, because to outsiders we look like the ideal couple. He is a hard worker, and I know he doesn't have anyone else because he comes right home after work and sits here watching television and reading the paper. I almost wish he would hit me or something just to let me know he is around. Are there other women in the world with this problem? If there are, I wish they would let me know how they have kept from going crazy.—NEGLECTED

DEAR NEGLECTED: According to my mail there are many women who share your problem. They don't go crazy—they become neurotic instead. Many marriages dry up and die for lack of nourishment, and that is what's happened to yours. Revive some of that come-hither charm you used 18 years ago to hook him. He's probably just as hungry for "a kind word and a little affection" as you are.

Are things rugged? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif., and don't forget a stamped, self-addressed envelope.

## THIS WEEKEND

### Tennis Tournament Slated at La Quinta

Tennis is on tap this weekend at La Quinta Hotel, where the annual tennis matches will take place between netters from Montecito Country Club and Park La Brea.

Bruno Purvenas, La Quinta's tennis pro, announced that between 50 and 60 players are expected from the Los Angeles and Santa Barbara areas. Most will arrive on Friday to spend the weekend at La Quinta Hotel and enjoy the matches on Saturday and Sunday.

Mixed doubles and men's/doubles are scheduled, with trophies being presented to the winners following completion of play on Sunday afternoon.

Entrants from Montecito Country Club include Mr. and Mrs. Jack Behr, Mr. and Mrs. Lloyd Sipherd, Mr. and Mrs. Harvey Wheeler, Mr. and Mrs. Byron De Mott, Mr. and Mrs. John Hay, Mr. and Mrs. Philip Bartholomay, Mr. and Mrs. Earl Armstrong, Mr. and Mrs. Robertson Ross, Mr. and Mrs. Dick Kern, James

Walker, Mr. and Mrs. Hubert Craft, Mr. and Mrs. David Hill, Mr. and Mrs. Richard Thornburgh, Dr. and Mrs. Robert Petersen, Dr. and Mrs. Joseph Scull, Desmond McGinn, Mrs. Virginia Mdivani, Mrs. Peter Gring and Mrs. Barbara Schumme.

On the Park La Brea team will be Mr. and Mrs. Charlton Heston, Mr. and Mrs. Charles Stine, Mr. and Mrs. Joe Field, Mr. and Mrs. Al Rose, Eli Klein, Bob Glick, Mr. and Mrs. Richard Hoft, Mr. and Mrs. Rick Guerin, Dave Bohannon, Al Mack, M. and Mrs. Robert Segall, Mr. and Mrs. Sandy Elster, Mr. and Mrs. Phil Levine and Mr. and Mrs. Norm Russell.

### Lytle Wins Play Day Tournament

Twenty-five members of the Westward Ho Men's Golf Association took part in the group's first Play Day at the Westward Ho Golf Club in Indio.

Prizes were awarded on the basis of a blind bogey in which each player selected the handicap he would need to net a score between 70 and 80. After completion of play the winning number drawn was a net of 70.

Ed Lytle with a 99 gross and a handicap notice of 29 hit the winning net of 70 on the nose. Second place with a 91-19-72 went to Harold Slater. Budge MacAllister took third with 80-6-74.

A four way draw for fourth and fifth place with a net of 75 among Harry Jackson, Frank Lytle, Warren Lampson and Howard Mikesell resulted in Jackson and Lytle taking home prizes.

Tournament chairman, Budge MacAllister, announced that a similar outing is on the planning board for the men for next month.

### Shirlee Cooper Tops Muni Field

A Medal Play Low Net 18-hole tournament was staged at the Palm Springs Municipal Golf Course by the Women's Club with Shirlee Cooper again topping the field and winning first place.

Two lady golfers, Alice Hough and Jean Funseth finished in a two-way tie for second place. Ending up in a three-way tie for the No. 3 spot were, Lee Rondoni, Helen Chambers and Mary Clark.

## SECOND DEFEAT

### Oops, Bearcats Stubbs Toe Again

By MILTON RICHMAN  
United Press International  
Oops, Cincinnati stubbed its toe again, and what hurts most is this makes the second time it has happened to the embarrassed Bearcats in their own conference.

The Bearcats are ranked second nationally and while that may impress some other teams, it apparently doesn't faze those within the Missouri Valley Conference, where 13th-ranked Bradley beat Cincinnati 70-68, in overtime Wednesday night at Peoria, Ill.

It was the second loss in 13 games for the Bearcats this season, both setbacks having been administered by league "neighbors." Wichita handed the defending NCAA champions their only previous defeat, 52-51, on Dec. 18.

Bradley did it the hard way after frittering away a five-point lead in the waning moments of regulation time. The Braves began the overtime session by hitting on three straight baskets following a 62-62 regulation tie and All-America Chet Walker wrapped it up with a perfect pair of foul shots.

Sophomore Joe Strawder led Bradley to its ninth victory in 11 starts with 21 points while Cincy's Ron Bonham was individual high scorer with 24.

As matters stand now, Cincinnati, which has won the Missouri Valley title the past four seasons, already has lost as many league games as it did all last season when the Bearcat won the conference crown with a 10-2 record.

## AFL Organization Loses \$2 Million Each Season

By HAL WOOD

SAN DIEGO, Calif. (UPI)—"If I had it all to do over again," said Lamar Hunt, one of the founders of the American Football League, "I'd do a lot of things differently."

That seems a reasonable statement about the AFL organization that is losing about \$2 million a year. In fact, some people think that if Hunt and the other AFL men had it all to do over again—they wouldn't.

"But I'm not a bit sorry we started this league," said Hunt. "We are optimistic about the future."

"If I had it all to do over again one of the things I wouldn't do is to have two pro football teams in one city. We found out it didn't work out in Los Angeles and is not working in New York and Dallas."

Dallas Dilemma

"Oakland didn't draw well in San Francisco. We can't say, however, that the Raiders won't do well playing in their own park. "We would have been much better off in this league if we had started off with a team in San Diego as we have now, instead of Los Angeles."

As a matter of fact Hunt pointed out, the \$10 million antitrust suit on file by the AFL against the National Football League is aimed at removing one of the obstacles of two teams in one city—in this case Dallas.

The Dallas Texans' owner says his club sold 7,400 advance season tickets in 1961 and that the NFL club sold only 3,000 advance. However, he said, the paid attendance for the Texans and the rival Cowboys for the whole season was about the same.

"But we are in Dallas to stay," he said. "Maybe the antitrust suit will tell the tale."

The young man appeared to be on the pessimistic side despite his statement he is optimistic about the future. If he's pessimistic it's not because he's losing money. He's got plenty of that.

The claim is that the American Football League never will fold

because there are at least a dozen multimillionaires connected with the eight franchises.

However, as the man said, the millionaires didn't get that way losing money.

### "4" Belles Lead League In Bowling

TWENTYNINE PALMS — After taking a two-week recess over the holidays, members of the Marine Corps Base Wives Bowling League resumed play, and the leading "4" Belles managed to take three points, putting them farther into the number one slot.

The Belles, who have 43 wins and 21 losses to their credit, are followed by the Pin Pickers with 38 and 25. The Slow Starters moved into third place this week by winning four points, giving them a total of 34½ wins and 29½ losses.

The remaining positions are filled by the Kaktus Kuties, 34-30; Desert Dolls, 31-33; Dare Devils, 30-34; "4" Jewels, 25-39; and the Aches and Pains 20-44.

Louise McMahan, captain of the Kaktus Kuties, took the week's honors when she rolled a 533 series consisting of 150-183-200 games.

### 3 Farmhands To Join Camp Of LA Angels

Three members of the Dallas-Ft. Worth Rangers of the Triple A American Assn., one of the four farm clubs of the Los Angeles Angels, will join the parent Angels at their spring training camp here next month. Angels General Manager Fred Haney has announced.

The addition of pitcher Fred Newman, infielder Don Ross and outfielder Chuck Tanner brings to 42 the number of players who will report to manager Bill Rigney on Feb. 20. Thirty-nine men are on the Angels roster, who will open the second Angel camp next month.

### Leaders in Eldorado CC Tournament

Following one day of play in the Member - Guest Low Ball Threesomes tournament being staged at Eldorado Country Club by the women golfers, the team of Mrs. Warren Doble, Mrs. Charles Kern and Mrs. J. S. Loveys led the field with a low net of 61, which is 11 strokes under men's par.

Two threesomes, consisting of one member and two guests, were tied for second one stroke behind the leading team. One trio is Mrs. Randolph Scott, Mrs. Russell Sands and Mrs. Claude Harmon. The other threesome was Mrs. Ralph Zaun, Mrs. Joseph Hudson and Mrs. Donald Driskel.

The second round was played today and the final day of the tourney will be Friday.

### Youngsters in Tennis Meet

Youngsters of the Palm Springs tennis clinic will oppose boys and girls of the Redland tennis clinics in matches at the high school courts and Tamarisk Park courts Saturday, it was announced today.

The young tennis players, ranging in ages of 9-14, will play between 20 to 30 matches with the first game scheduled to get underway at 10:15 a.m.

Dave Gilman and his assistants have been instructing the youngsters of the PS tennis clinic on Saturday's at the high school courts.

THREE CHAMPION golfers, Gary Player, left, Gene Littler, center, and Jerry Barber, right, will clash for \$20,000 in prize money and the title, "Golf Champion of the USA" at La Quinta Country Club, La Quinta, California, Tuesday, Jan. 16. The public is invited free of charge. The match will be subsequently televised on NBC-TV network. In 1961 Player captured the Master Title. Littler won the National Open and Barber the PGA championship. Jack Nicklaus, a new pro, has been added to the competitors.

### Top Golf Scores

The best rounds of golf fired on courses at the "Winter Golf Capital of the World" yesterday are as follows:

74 Dave Mindel, Bermuda Dunes	91 Mrs. David Mindel, Bermuda Dunes
79 Morey Cagen, Tamarisk	94 Mrs. Allen Danch, Bermuda Dunes
80 Clint Roubison, Bermuda Dunes	95 Mrs. W. Kelly, Bermuda Dunes
86 Mrs. Sue Winston, Bermuda Dunes	95 Mrs. H. Winston, Bermuda Dunes
	95 Mrs. A. Berkman, Bermuda Dunes

## HARD LUCK HURLER

### Brighter for Donovan

It was a hard summer for Dick Donovan but things sure are looking up for him this winter.

The big right-hander from Quincy, Mass., was the hard luck pitcher of the major leagues in 1961 when he toiled for the Washington Senators. He was the most effective pitcher in the American League with a 2.40 earned run average but he wound up with a 10-10 won-lost record.

You might say that Dick's outlook for 1962 wasn't good but suddenly he was traded to the Cleveland Indians and then came Wednesday's - salary conference

with general manager Gabe Paul. Result: A healthy raise and the prospect of being one of the important pitchers on the Cleveland staff in '62.

The Indians also announced the signing of Bob Nieman, acquired on waivers from St. Louis last May. He hit .354 as a pinch-hitter and utility man in 39 games with Cleveland.

The Pittsburgh Pirates announced they have signed Tom Sturdivant, 31, who had a 5-2 record with them late in the 1961 season. Sturdivant started the 1961 campaign with the Senators, was sent to Columbus

### Gary Gets Touch Back

SAN DIEGO, Calif. (UPI)—The cream of the golfing world opened the assault on par in the first round of the \$25,000 San Diego Open golf tournament today.

The favorites were Gary Player, the leading money winner of 1961 who captured the pro division of the \$5,000 pro-amateur tourney Wednesday with a seven-under-par 64; Phil Rodgers, the upstart winner of the rich Los Angeles Open; Bob Goalby and Gay Brewer, a couple of men who have been on the hot-shot list lately.

Player, who won only \$155 at Los Angeles, recovered his putting stroke Wednesday and felt he's ready to make a bid for victory.

"I played well in Los Angeles," said Gary, the pride of South Africa. "But I couldn't putt at all. Now I seem to have recovered the touch and I hope it stays with me."
